## South Coast Air Quality Management District

21865 Copley Drive, Diamond Bar, CA 91765-4182  
(909) 396-2000 · <http://www.aqmd.gov>

Dear Recipient of CEQA Notices/Documents:

The South Coast Air Quality Management District (SCAQMD) routinely distributes notices related to the availability of California Environmental Quality Act (CEQA) analyses prepared for proposed projects when the SCAQMD is the lead agency. In the past, hardcopies of these notices have been distributed by mail. To expedite the distribution process and reduce printing and postage costs, notices are now being distributed electronically via email to interested parties. You have received this email because you have indicated that you prefer to receive information pertaining to CEQA electronically.

The purpose of this email, the attached letter plus Notice of Intent (NOI) of Exide's Draft Mitigated Negative Declaration (MND) is to allow public agencies and the public the opportunity to obtain, review and comment on the environmental analysis. Interested parties wishing to provide comments to these documents are requested to follow the instructions in the NOI. The documents can be found here: <http://aqmd.gov/home/library/documents-support-material/lead-agency-permit-projects/permit-project-documents---year-2014>

The SCAQMD is making every effort to maintain an accurate CEQA contact list. If you believe that you have received this notice in error, forward this email to the person appropriate within your organization to receive such notices and please also cc: the SCAQMD at: [ceqa\\_admin@aqmd.gov](mailto:ceqa_admin@aqmd.gov).

You may also send an email to this address to add a name to the contact list, change the way you are notified for future projects, remove your name from the contact list or request assistance if you experience any difficulty viewing the notice or the documents. In your email, please remember to provide your full name, job title, business name, telephone number, fax number, email address and mailing address.

Thank you for your cooperation.  
Sincerely,

Michael Krause  
Program Supervisor, CEQA Section
